I Love Sports

Ford loves to play sports. He plays all of the sports that he can. Every year Ford is torn between playing soccer and baseball. Ford always says,

“I was born to be a baseball player.” When baseball is over, it is time for football. After football, it is time for basketball. Ford does not like playing basketball as much because he is too short. 😊 😊 😊

① What does Ford like to do?

② What sports does Ford have to decide between?

③ What sport does Ford like the least?
