

The Fire

Mire wanted to make a fire tonight. I told Mire, "I do not know if we should make a fire. It may not be safe." Mire said, "Do not worry. We will not throw in any bottles, wires, or tires to make the fire unsafe." I told Mire, "I will help you build a good fire outside!" I was happy to build a good fire.

① What did Mire want to make?

② What will Mire not put in the fire?

③ Are they going to make a fire?
