

Gravity and sin both pull in the same direction

Look At Me, I Know Gravity Lab Worksheet

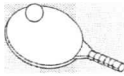

Gravity

Gravity is the force that makes things fall to the ground. Gravity also holds the Earth and the other planets in their orbits around the Sun.

Question: Which object will hit the ground first?

Objects dropped		Prediction	Results
Ping Pong ball 	Marble 		
Flat paper 	Feather 		
Pencil 	Paper clip 		
Crumbled paper 	Eraser 		
Paper clip 	Ping Pong ball
