

# My Star Wish

Mark went to the park with his friend Marla. They rode in Marla's mom's car all the way to the park. The park was far, but they made it. Mark and Marla played all day at the park. When the stars came out, Mark made a wish that he could come to the park again. Marla said, "Seeing the stars was the best part of the night."

① Who went to the park?
