

Name _____

Date _____

Listen to each story. Show the story with your fingers on the number path. Then, fill in the number sentence and number bond.

Joey had 5 pennies. He found 3 pennies in the couch. How many pennies does Joey have now?

$$\underline{5} + \underline{3} = \underline{8}$$

Joey gave the 3 pennies to his dad. How many pennies does Joey have now?

$$\underline{\quad} - \underline{\quad} = \underline{\quad}$$
