Exchange of Goods or Services

People often exchange goods for other things they want or need. What are some things you would like to exchange for a want or need? Show below what you can exchange and what you would want in return.

The diagram consists of a central circle divided into four equal quadrants by a vertical and a horizontal line. Each quadrant contains the text "What do you want?". Surrounding the circle are four rounded rectangular boxes, one in each corner. Each box contains the text "What will you give?". A double-headed arrow connects each box to its corresponding quadrant, indicating a reciprocal exchange.
