

Name _____

Date _____

Draw and write the numbers to complete the number bonds.

A number bond diagram with a large circle on the left containing five smiley faces (three black, two white). It is connected to two empty circles. Above the diagram are five individual smiley faces (three black, two white) to be used as pieces. To the right is another number bond diagram with a large circle containing the number 5, connected to two empty circles.

A number bond diagram with a large circle on the left connected to two empty circles. Above the diagram are three geometric shapes: a black triangle, a white square, and a black square. To the right is another number bond diagram with a large circle on the left connected to two empty circles.
