LOOKING FOR THE GOOGLE SLIDES VERSIONS?

The links to the slides version are in the PDF named Google Drive Slides Links 😊

USING SLIDES ON A DEVICE THAT IS NOT A COMPUTER?

Students using Slides on their phones or a device like an iPad will need to download the Google Slides App before they can write/type into the notes.

USING THE FILLABLE PDF GUIDED NOTES?

Students using Adobe Acrobat can use the save icon on the tool bar to save the notes they've typed.

Students using Adobe Reader will not be able to use the save icon on the tool bar to save their notes. They will need to use "Save As" in the File menu to save the notes they've typed. They can give the notes a new name or use the same name.

*These digital guided notes are not considered doodle notes since students cannot color or interact with the pages like they would in print, but I hope you find they give you the flexibility you need to teach your students - either in person or remotely.

POWERPOINT

Use the included PowerPoint to further enhance your Doodle Notes. Each slide includes the same information that is covered in the Doodle Notes with a few extra video links. The black text on each slide is editable and you are welcome to change it to better fit the needs of your class and students.

VIDEO LINKS

Please preview each video prior to showing it to your students to make sure it is appropriate for your class and students. The video links are editable so you can delete or add additional videos links as needed. I do not own the rights to any of these videos and, at times, the links may change or disappear. If you encounter broken links, please email me at andrea@musingsofahistorygal.com and I will replace them.
