# HOW TO VOTE

On Election Day, voters can go to a voting booth. This is where they will fill out a ballot for the candidate they would like to be elected. In some places you can submit your ballot on a computer. In other places, you fill out your ballot on a piece of paper and turn it into the ballot box. When the election is over, the votes are collected in a poll to show the results of the election. The candidate with the most votes wins
